More than 4 million calls later, our Repair Hotline is still providing personal service to customers across North America. And every piece of data collected, including short-cut tests and confirmed fixes, is documented and made available in our award-winning Direct-Hit system.

HOW TO USE THE REPAIR HOTLINE

CALL US TOLL-FREE AT **1-888-252-0155**,
M-F, 7 A.M. – 7 P.M. CENTRAL TIME.

A Repair Hotline dispatch associate will ask you for the following:

- ✕ VIN#
- ✕ Vehicle mileage
- ✕ Year, make, model and engine (if you don't have the VIN#)
- ✕ A brief description of the vehicle problem

We will give you an approximate time when a Carline Specialist will call you to work through your issue. ***The benefit of receiving a call back is to allow our Carline Specialist time to research the problem so you can get to the fix faster.***

At the end of the call, you will be given a reference number. If you need to call again on the same vehicle/problem, your call will be listed as a "Top Priority" for a quicker response. We will always try to connect you with the same Carline Specialist so you can resume the process right where you left off.

DIRECT-HIT SUBSCRIBERS CAN PLACE A REPAIR HOTLINE CALL THROUGH DIRECT-HIT AND SAVE 10%.
